The following were present:

Complainant: Present over phone

Respondent: Smt. Meenakshi Sahay, Deputy Registrar and CPIO, present over phone

Information Sought:

The complainant has sought the following information:

1. Certified copies of file notings, orders, minutes of meetings, action taken reports, correspondences prepared and communications made by offices of Daulat Ram College and Sports Council and OSD (Admissions) and other departments of the University of Delhi in respect of the Notice dated 02 August, 2018 issued by the Principal, Daulat Ram College whereby the admissions under Sports Quota First list has been cancelled and withdrawn.

2. Copies of the minutes of the meetings of the Sports/Admission Committee (for Academic Year 2018-19 Admissions) held in the months of April, May, June, July and August 2018 in the Daulat Ram College, University of Delhi.
3. Certified copies of the minutes of the meeting (along with attendance sheet) of the Sports/Admission Committee (for Academic Year 2018-19 Admissions) held in the months of April, May, June, July and August 2018 in the OSD (Admissions) and Registrar and other offices of University of Delhi.
4. And other related information.

Grounds for filing Complaint:

The CPIO has not provided the desired information.

Submissions made by Complainant and Respondent during Hearing:

The complainant submitted that the CPIO of University of Delhi is not the concerned party. He further submitted that he was constrained to file a complaint as he wanted to draw attention of the Commission towards the gap in the RTI portal managed by the NIC and under the supervision of DoPT in which provision for filling RTI u/s 7(1) of the RTI Act is not available. He explained that the present information sought was related to arbitrary rejection of admission of 16 girls of Daulat Ram College. He further submitted that he had filed a representation to DoPT on 21.06.2017 followed by a reminder dated 28.07.2017. Furthermore, he submitted that the DoPT had provided a reply on 31.08.2017 stating that the matter has been examined and NIC has been requested to place the provisions of Sec 7(1) of the RTI Act for providing information related to life or liberty of a person within forty-eight hours of the receipt of the request as a directive for CPIOs of Public authorities in the User Manual of the CPIO module of RTI online portal. However till date no further action has been taken by NIC.

He submitted that as the matter is related to a larger public interest issue and therefore an appropriate order should be issued.

Observations:

Based on a perusal of the record it was noted that the complainant had made the PIO, Delhi University, PIO DoPT and PIO Central Information Commission respondents in his complaint memo. He had mentioned in his complaint that recently he faced the issue of making an application under Section 7(1) through the online portal of DoPT to the public authority 'University of Delhi' in relation to the matter of 'arbitrary cancellation of 16 minor/major girl students

of Daulat Ram College, University of Delhi and issues related thereto, as the said portal did not provide the facility for the same and therefore compelled him to make a physical application which got delayed by nearly 4 hours, with hesitation on the part of the Diary/Dispatch clerk to record the time upon it. That further, representation made to the DOPT elicited a positive response but with utter non-understanding of the issue and therefore nothing happened at their end. The said response was only made when a RTI application was filed, however there was nothing done thereafter too. Therefore, it is imperative upon public authorities to make available to each citizen, a platform to file 'Life and Liberty' RTI Applications.

He relied on a decision of the Hon'ble Supreme Court in re CBSE vs. Aditya Bandopadhyay, where the Hon'ble court held that the right to information is a cherished right. Information and right to information are intended to be formidable tools in the hands of responsible citizens to fight corruption and to bring in transparency and accountability. The provisions of RTI Act should be enforced strictly and all efforts should be made to bring to light the necessary information under clause (b) of section 4(1) of the Act which relates to securing transparency and accountability in the working of public authorities and in discouraging corruption.

In his petition he mentioned that the said issue has come to light in the recent case where information was sought on 07.05.2017 over representations made in respect of possible malafide action by the administration of Faculty of Law, University of Delhi during the scheduled LL.B. examinations w.e.f 9th May 2017, but however the same was neither acknowledged nor replied within 48 hours. On trying to file the first appeal, the same was disallowed by the RTI online portal. Even the University of Delhi didn't acknowledge the receipt of the e-mail sent for filing of first appeal on 12th May 2017 and on 20th June 2017, the University vide its reply through the CPIO Meenakshi Sahay made the following statement:

"The email ID colo@admin.du.ac.in is not for filing RTI application or first appeal, it is hereby informed that the first appeal can be filed on the link <https://rtionline.gov.in>, wherein the online RTI application was filed. Alternatively, it can be filed through an application addressed to the First Appellate Authority with relevant details, which can be submitted by hand or sent through post."

The limited relief sought by the complainant is (1) provision for filing RTI u/s 7(1) of the RTI Act, (Life or liberty) on the RTI online portal. (2) provision for filling RTI first appeal u/s 19(1) of the RTI Act, (life or liberty) on the RTI online portal. A reply was sent by DoPT to the complainant's representation on 31.08.2017 which reads as follows; the matter has been examined and NIC has been requested to place the provisions of Sec 7(1) of the RTI Act for providing information related to life or liberty of a person within forty-eight hours of the receipt of the request as directive for CPIOs of the Public authorities in the User Manual of the CPIO module of RTI online portal.

Decision:

In view of the above observations, the Commission observed that the concern raised a much larger issue and access to information must be a priority. All the public authorities need to understand the essence of life and liberty. Sec 7(1) reads as follows:

"(1) Subject to the proviso to sub-section (2) of section 5 or the proviso to sub-section (3) of section 6, the Central Public Information Officer or State Public Information Officer, as the case may be on receipt of a request under section 6 shall, as expeditiously as possible, and in an, case within thirty days of the receipt of the request, either provide the information or payment of such fee as may be prescribed or reject the request for any of the reasons specified in sections 8 and 9. Provided that where the information sought for concerns the life or liberty of a person, the same shall be provided within forty-eight hours of the receipt of the request." The CPIO has the liberty to consider the matter as a normal RTI or a matter of life and liberty, and the issue of flooding of RTI applications, in the criteria of life and liberty cannot be overlooked in case the option of Sec 7(1) application is available online without restriction. In view of this an advisory is issued u/s 25(5) of the RTI Act to the Secretary, DoPT to evolve a system after coordinating with the Director General, NIC in the spirit of the RTI Act and take immediate steps towards providing a platform for implementation of Sec 7(1) of the RTI Act.

It is also important to mention here that the complainant had made the DoPT and CIC also respondents however, the same cannot be taken into cognizance u/s 18 of the Act, as the gap in the RTI portal is a policy, decision and penal action against the CPIO is definitely not the solution. It is relevant to mention here that regarding the present RTI also the complainant during hearing had not pressed for any action against the CPIO, University of Delhi. The present

complaint is therefore considered as an issue solely regarding implementation of Sec 7(1) of the RTI Act in the RTI portal.

A report on the action taken on the advisory may be sent to the Commission by the Secretary, DoPT within 7 days from the date of withdrawal of lockdown. Due to the on going pandemic of coronavirus in the country and the prevalent lock down, the Commission finds it appropriate to highlight the issue of Sec 7(1) implementation by citizens more so, when postal receipt of RTI applications are minimal, in such situations all public authorities should encourage RTI applications through e-mail in case of life and liberty matter. A unique e-mail id can be created by the CPIOs in this regard and reflected in their respective website. A method of online acceptance of RTI fees also has been thought of in this regard. In so far as other normal RTIs are concerned the RTI portal can be used. The Deputy Registrar is directed to circulate this order widely to the public authorities related to the Registry.

The Complaint is disposed of accordingly
