It may be seen in column 11 of the SRO 88 dated 03-08-2005 as amended vide para 3 (e) (ii) of SRO 36 dated 24-03-2008 that appointment to the post of Senior Nurse Grade II is to be made by absorption of Midwife with qualification in column 8 failing which direct recruitment. However column No 12 of ibid SRO, meant for providing the details grade from which promotion/deputation/absorption is, to be made and minimum qualifying service in that grade does not provide any such details and mentions that direct recruitment is the only method for appointment to the post of Senior Nurse Grade II. As such, it is viewed that column 12 of SRO 88 dated 03-08-2005 need to be amended first to accommodate the amended column 11. Further Note 4 below SRO explaining term "absorption" describes the cases which are to be treated as absorption; it now prescribes for the manner of pay fixation in such cases. Accordingly, it is viewed that pay fixation on account of appointment to the post of Senior Nurse Grade II is to be regulated by treating the appointees as directly recruited to that post and accordingly benefit of pay fixation as per FR 22 (1) (a)-(1) may not be admissible in such cases.

This has the approval of Sr Dy CGDA (P&W).
