1. PURPOSE

This SOP provides for a time-bound methodology for freezing MIDs/UANs/Establishments on account of verification requirement, as a measure of due diligence to secure the funds in these MIDs/UANs/Establishments and the subsequent de-freezing, wherever required, on completion of verification of genuineness.

2. INTRODUCTION

- EPFO being a premier Social Security Organisation of the country is committed to provide expeditious Social Security benefits to its members under the aegis of its three schemes viz. the EPF, EPS & EDLI.
- Social security benefits are also being provided under various Government Schemes like the Aatmanirbhar Bharat Rojgar Yojana (ABRY) to eligible members of the EPF & EPS schemes.
- A precautionary verification mechanism is prerequisite to mitigate risks involved because of possible frauds, impersonation and forgery. The first and the foremost action would thus be to protect the capital or its flight from an account. Thus, it is imperative to freeze some or all of the operations in respect of MIDs/UANs/Establishments, where there is a chance of fraudulent withdrawal or an attempt to fraud or having committed the fraud.
- Freezing is carried out to protect the members' funds and also to ensure proper verification as well as investigation of any fraudulent attempts or acts, till such time the facts are ascertained and genuineness established.
- Once the verification process is over, the funds are protected and made available in the rightful account, the competent authority would need to allow transactions as well as inform the concerned.
- Accordingly, to lay out a procedure for freezing and de-freezing of such MIDs/UANs/Establishments, the present SOP is prescribed.

3. SCOPE

- i. To specify the mechanism for **identifying potential cases** of suspicious accounts/transactions wherein there is a possibility for impersonating or fraudulent withdrawals.
- ii. To specify necessary steps **to protect the funds** lying within such accounts or transactions made therefrom so that there is no flight of capital and members' funds are secured.
- iii. To **inquire into the genuineness** or otherwise of such accounts or transactions within a given time frame.

- In case there is an irregularity or fraud, **to take corrective actions** to address such cases.
- In case there is an irregular or fraudulent withdrawal, to **recover the funds** as per the laid down procedures.
- iv. To bring closure to the incident by: -
 - **Protecting funds** and make them available in the **rightful account**, allow transactions as well as inform the concerned.
 - **Address the systemic issues** for safeguarding any future recurrences in a given timeframe.

 (Zonal Offices)

Sub: Advisory regarding a fraud case.

Madam/Sir,

Please refer to the above-cited subject.

2. Erroneous/wrong payments have been reported in a field office with regard to the settlement of claims, in majority of which as per preliminary investigation, the modus operandi, with slight variations, consisted primarily of-

- Creating fictitious member IDs through FO interface,
- Creating zero balance accounts for these IDs,
- Adding random amounts in these accounts through Appendix-E, and
- Generating fictitious physical claims and in some case even online claims and settling the same.

3. In view of the above matter, the following advisories are being issued to all ZOs for ensuring strict compliance in respect of all field offices under jurisdiction.

- Despite repeated instructions in the matter of maintaining strict confidentiality with regard to user login IDs and passwords, the same is shared very casually. All users may be directed to immediately change their passwords and a confirmation in this regard along with a confirmation that allocation of roles in the Application Software has been reviewed may be sent to this Office by 20th of August, 2021.
- The use of Appendix E should be restricted to exceptional situations exercising all precautions and checks as prescribed from time to time. Overall controls and checks must be at the highest level. The approving authority for Withdrawal / deposits (credits) in all existing or newly created Zero balance accounts where credit is effected by way of Appendix-E / VDR (in all types of establishments) should now be by OIC's (RPFC-II / RPFC-I).
- All Zonal Offices may examine the cases where member account has been opened with Zero balance and contribution added using Appendix-E/Special VDR/Special 10D functionality and the claim has been settled using physical/offline claim Form, in respect of Regional Offices falling under their jurisdiction. In case discrepancies are noticed, appropriate action may be initiated and matter may be immediately reported to HO through ZFRMC.

- iv. In case any irregularity is noticed, RO/ZO is directed to take immediate steps for the recovery of the fraudulent amount.
- v. Daily reports of such transactions, (if any) may be submitted to the respective ACC (Zone) or as suggested/monitored by respective ACCs. Reports which are furnished by ZFRMC to H.O. on monthly basis must include the status of the irregularity in the reported transactions and in case of 'Nil' report a certificate to this effect should be communicated through monthly ZFRMC report. (Zero based Account utilisation with respect of Appendix-E/VDR etc).
- vi. Even though, the thrust has been on online mode of submission and to keep a physical receipt to the bare minimum but in practice, physical claims are still being received in large numbers in many offices in respect of even claim types where online mode has become the norm. ZO is directed to closely monitor and report status of genuineness of physical claim settlement of their Zone through monthly ZFRMC report. In case of 'Nil' report of fraudulent transactions in physical claim settlement, a certificate to this effect should be communicated through monthly ZFRMC report.

(Issued with the approval of the Competent Authority).
