Record Note of Discussions held by Member(Infra) with Federation (NFIR) on 13.07.2023 on PNM/NFIR Item No. 4/2017 regarding Dissatisfaction among Track Maintainers on Indian Railways due to lack of adequate career advancement opportunities-reg.

The following officers and representatives of Federation (NFIR) attended the meeting:-

Official Side	Federation (NFIR)
1. Shri Roop Narayan Sunkar, Member(Infra)	1. Dr. M. Raghavaiah, General Secretary
2. Shri Satish Kumar Pandey, AM(Works)	2. Shri B.C. Sharma, Vice President
3. Shri Brijesh Kumar Gupta, AM(CE)	
4. Ms. Aruna Nayar, AM(Staff)	
5. Shri Hem Chander, JDE(IR)	

Federation stated that there is wide spread dissatisfaction among Track Maintainers on Indian Railways due to lack of adequate career advancement opportunities. This category has been historically discriminated against vis-à-vis other categories viz. Signal Maintainers in S&T cadre. While in every Department, there is level of 4200 GP available but in this cadre only there is no such post available. Equal opportunity should be provided when qualifications are same. The Track Maintainers should be given opportunity to get promoted to GP 4200.

Official Side stated that the existing pay structure of Track Maintainers is adequate and any change will affect the command structure of their working. The supervisors are required to maintain an effective command control. The Track Maintainers have option to switch to Artisan category after passing prescribed departmental exam. This issue has already been examined in past on demand from NFIR and a reply sent to Federation in January, 2023.

Federation however not agreed to the view taken by official side and requested to realistically examine the issue. Federation also suggested that a separate meeting be organized at the level of CRB, Member(Infra).
